ABOUT US

Quantum Renewable Systems stands out as a distinctive and renowned Merchant Exporter of wide range of electrical components & accessories such as Electrical Cables & Wires, Cable Connecting Systems & Accessories, Earthing Solution & Accessories .

Established in the year 2015 the proprietor Mr. Aditya Jhaveri has a vast experience and knowledge for last 20 Years in this field.

Quantum Renewable Systems has exclusive tie ups with some of the leading manufacturers in India for export of their products .We have customers in more than 10 countries with long and friendly relationship.

Our esteemed manufacturers are – APAR Industries Ltd, Apple International, Precision Pipes. All the mentioned manufacturer's are extremely quality conscious and have international certification along with world class manufacturing facilities.

CABLES & WIRES

Our cables have been catering to the Generation, Transmission & distribution sectors as well as specialized sectors like Marine & shipyard, Oil & Gas, Railways, Mining, Renewable energy.

Our Range of Cable & Wire Products

- LV/MV, XLPE/PVC Power cables up to 660 KV.
- Building wires/House wires/Flexible/FRLS/FS/Control/Instrumentation Cables
- Elastomeric(Rubber) cables up to 33 KV
- Submersible flat cables & PVC winding wires
- Optical Fiber Cables(including fire resistant/survival type)
- Windmill & solar DC cables as per EN/TUV standards (renewable sectors)
- Specialty composite/Hybrid cables
- Electron Beam Irradiated Cables(House Wires)
- 105 Degree C XLPE Cables..

Earthing Solutions & Accessories

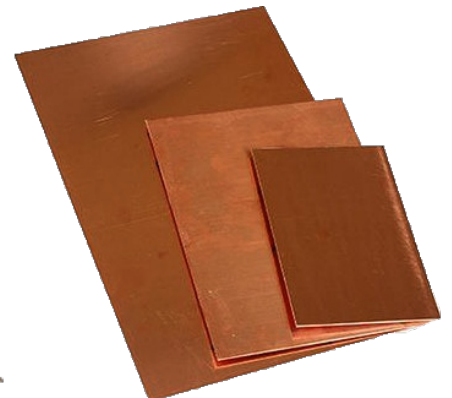

Earthing plays a vital rôle in all electrical systems. The correctly designed & installed earthing system will prevent equipment and manpower accident.

The well installed Earthing condition should have-Low electrical resistance to Earth, Free from corrosion, Efficient enough to handle high voltage repeatedly, long life up to 30 years.

Our Range of Earthing Materials

- Copper Bonded Earth rods – Includes accessories such as Driving Stud,Clamps,Coupler,Rod
- Copper Plate
- Copper Bus Bars, Strips
- Ground Enhancing Powder (Bentonite)
- High grade HDP Earth Pit
- Rod To Clamp(D-Type),DC Tape Clip, Square Clamp
- Split Bolt Connectors,C-Type Connector

Cable Connecting Systems & Accessories

Cable accessories for MV, High Voltage & EHV cables are indispensable components of a cable network which exert a direct influence on its quality. The same level of operational safety must be guaranteed for the accessories as for the cable itself. The safe, quick and easy assembly of cable accessories is therefore essential for network reliability.

Our Range of Cable & Connecting Systems & Accessories

- Heat Shrink Joints & Heat Shrink Terminations.
- Plug in straight through joints & Plug in Connectors
- Glands, Lugs & GI Box
- Round conduit PVC Pipes & Fittings
